

std::exception

```
graph BT; CudaError --> Error; Error --> std_exception[std::exception];
```

The diagram illustrates a vertical inheritance hierarchy. At the top is a box labeled 'std::exception'. Below it is a box labeled 'Error'. At the bottom is a box labeled 'CudaError'. A blue arrow points from 'Error' up to 'std::exception'. Another blue arrow points from 'CudaError' up to 'Error'. The 'CudaError' box has a gray background, while the others are white.

Error

CudaError
